TODAY DAY OF SERVICE 4TH QUARTER April 22nd EARTH DAY

Do environmental service with your classes: inside and outside clean ups, learning about environmental issues and making posters for display, writing letters, collecting for an environmental charity. Share your ideas.

There are many seniors who still need hours! **WEAR GREEN**

ADVISORS Period 2: Friday is Earth Day! We would like to have students participate in a school wide mural for an Environmental Mission Statement. The directions are below.

1. Students should watch a video on climate change (three choices below) a. Students could watch a video on plastic: https://www.youtube.com/watch?feature=player_embedded&v=DHg291KeFls (6 min.) b. Ocean Acidification: <https://www.youtube.com/watch?v=6SMWGV-DBnk> (3 minutes) c. Climate Change 101: <https://www.youtube.com/watch?v=RNOtcSYA0Bo> (13 minutes) d. Give Earth A Chance: <https://www.youtube.com/watch?v=Ep9MFiWXR8M> (1.5 minutes)

2. **Students decide what they will pledge to do individually (or as a class) what they will do to save the earth and limit climate change, and send that statement to Ms. Davis and/or Ms. Melton as an Environmental Mission Statement for the school.**

3. **Ms. Davis and I put the leaves up in the cafeteria next week as a tree with everyone's messages on it.** Example: Ms. Davis' Physics class commits to unplugging their phone chargers when not in use.

Please email Ms. Melton and Ms. Davis your class' statement!
